South Americas	Brazil	0	0	0	0	7	2	8	1	0	0
Total		214	10	365	8	450	18	8	1	0	0

\* 1 Indicates the amount of water used in the country (thousand m<sup>3</sup>).

Water usage data is from FY2021

Uses AQUEDUCT version 3.0 published by the World Resources Institute (WRI)

Because the data is rounded, the numbers indicated may not match the sum.
